

## Glen Rock Public Schools

620 Harristown Road  
Glen Rock, NJ 07452

FOR IMMEDIATE RELEASE

### **New “Reverse 911” system in place in Glen Rock schools**

Parents of Glen Rock students are reminded to register for the new Honeywell Instant Alert® system recently implemented by the district. This “reverse 911” system allows families to designate multiple devices for receipt of emergency messages from the school district, including telephone, cell phone, e-mail, pager or PDA in any combination. Instant Alert is Internet based, allowing each family to maintain its own personal, password-protected online account. The system is currently set to contact every family in the district using the student’s home phone number on file with the schools.

By logging on to <https://instantalert.honeywell.com>, parents can designate additional devices for contact, update or change family information, and add contact information for other caretakers, such as neighbors or relatives. Additional information can also be found on the district’s Web site, [www.glenrocknj.org](http://www.glenrocknj.org). The district will arrange to have a computer available for use by families who do not have access to a computer and wish to register for this important service.
