

TIC TOC: To Introduce Culture To Our Children.

TIC TOC Theater & Art is a local volunteer organization founded in 1960 that makes fine and performing arts experiences available to students in Glen Rock, Ridgewood, Ho-Ho-Kus, Midland Park, and Fair Lawn.

TIC TOC has two main components: performing arts and other special art-related events through the school year, and an elementary school classroom enrichment program through which parent volunteers – also known as art docents – present famous works of art, including paintings, sculpture and historical artifacts, to children during the school day.

Being a volunteer art docent is easy and fun. TIC TOC's art, sculpture and special collections rotate through Central School on an easy-to-follow schedule. Check out the TIC TOC cabinet near the auditorium to see our current special collection and the TIC TOC hallway near the nurses' office to view our current painting collections.

Tuesdays are dedicated as "TIC TOC Tuesday" for one or two grades at Central each week.

Dozens of resources, including links to art galleries, artists' biographies, classroom presentations, special collections, and "artcyclopedias," are available on the TIC TOC website: www.tictoc.org. Plus, seasoned TIC TOC art docents are always ready and willing to help new docents.

As often as possible, the TIC TOC team will request paintings and special collections that relate directly to the curriculum or to unique events going on at Central.

Please consider becoming a TIC TOC art docent. It's a wonderful way to get involved in the classroom, encourage an appreciation of the arts, and share your talents and interests with the Central School community! Please visit the HSA website for valuable TIC TOC Art Docent information and the 2017-2018 TIC TOC classroom schedule.

Sign-up sheets will be available in all the classrooms on Back-to-School Night.

For more information on the art docent program or TIC TOC's special events, please contact a member of Central's TIC TOC team:
